

# Accident Management Dashboard

## Intuitive Tools to Simplify the Claims Process

Empower your team to manage accident claims more efficiently with intelligent features delivered in an easy-to-use dashboard.

## Benefits

### Simplicity

Simplified layout supported by powerful integrations enables quicker and easier case creation and management.

### Transparency

Easy access to case details and history gives you all the information you need at your fingertips.

### Efficiency

Increase efficiency to accelerate the claims cycle time and get drivers back on the road faster.

## Features

### Create and Manage Cases

Create and manage primary and secondary tow cases from the same intuitive platform.

### Smart Workflows

Easily collect and enter case information with responsive, configurable prompts to ensure more accurate data collection.

## Features continued

### GPS Locating and Tracking

Locate customers' specific accident scene location and send text updates to customers regarding service provider location and status.

### Collaborate

Efficiently collaborate on cases requiring further action to ensure accuracy and faster case resolution.

### Self-Service Dashboard Reporting

Search and sort by a variety of case details to quickly view and export data for self-service reporting.

## Upgrades

Cutting edge automation tools that further simplify and expedite case lifecycle.

### CrashDetectionResponse

Automatic case creation at the scene reduces cycle time by 3-5 days and saves up to \$850 additional costs.

### DamageAssessment

Quickly assess damage using accident photos to reduce cycle time by 2-7 days for total loss or save \$150-\$170 for appraisals.

## About Agero

We are the leader in driver assistance services, safeguarding consumers on the road through a unique combination of platform intelligence and human powered solutions, strengthening our clients relationships with their customers. We protect 115 million vehicles nationwide in partnership with leading automobile manufacturers and insurance carriers, responding to more than 12 million requests annually. Our product ecosystem is powered by Swoop, a San Francisco based digital dispatch software provider we acquired in 2018. **To learn more, visit [www.agero.com](http://www.agero.com).**
